Business Spotlight!

**Transcend:
to rise above, go beyond, or
exceed one's limitations.**

This is the mantra of Transcend Beauty and Wellness and has been since the doors opened in 2020. Candi Lobenstein FNP-C, AGACNP-BC, is the owner of Transcend Beauty and Wellness located at 120 W. Main Street, Unit A.

Candi Graduated from the university of Colorado with a Masters of Science in Nursing and followed that up with a Post Masters Certification in Adult Gerontology/Acute Care at the UC-Anschutz Medical Clinic. Candi has the heart and the knowledge to treat you with the most beneficial therapies available. When you visit Candi, you will see how much she cares for and values her clients! You will not be "just a number" at Transcend.

Do not let the modest exterior of Transcend fool you; Candi offers first class, industry leading treatments to her patients. Transcend has treatments such as Botox for migraines and cosmetic, bio-identical hormone therapy, weight Loss, prescription skin care, microneedling with SkinPen, thyroid management, sports physicals, DOT physicals, men's health, erectile dysfunction and pellet therapy with Evexiple. Visit online at TranscendBeautyandWellness.com to read up on all the services Transcend has to offer.

Transcend Beauty and Wellness accepts Medicare (not Medicare Advantage) and United Healthcare. They also offer cash discounts for patients. Transcend is a very busy clinic, so it may take a while to get in. Appointments are currently scheduled about four weeks out. You will need 90 minutes to meet with Candi initially, because she likes to get to know her patients entirely, and according to Candi, "that can not be done in a 30-minute intake session." Get on the road to healing or to reaching your cosmetic goals. Call Candi today at 970-986-6307 to make that appointment!

Help us welcome these awesome new businesses to Cedaredge!
